

Financial Card Personalization

A division of Illinois Tool Works Inc. (ITW), a Fortune 200 company, ITW Specialty Films has amassed vast experience in the development, design, and manufacture of a wide array of unique films, foils, holography, laminates, and transfers. Utilizing our proprietary technology, printing, engineering and industry expertise, we deliver innovative, value-added products that help differentiate you from your competition. Card manufacturers and personalization bureaus worldwide trust us to be their single source supplier for world-class card products for transaction, identification, and non-secure cards. Banks and designers depend on us to give their cards extraordinary appeal.

TTR Expertise

ITW Specialty Films specializes in thermal transfer ribbons used for printing bar codes, text and graphics on PVC cards, pressure sensitive and select synthetic label materials, flexible packaging films and plastics. Our high performance thermal transfer ribbons generate extremely durable images that stand up to the most challenging work environments, and are ideal for applications that require superior resistance to heat, abrasion and solvent resistance
